

OUR MISSION STATEMENT:

READ ACADEMY'S C-O-R-E

Care - Opportunity - Respect - Excellence

Care		We believe that the holistics needs of every student are at the core of all we do at Read Academy; we shape a nurturing of wellbeing and supportiveness .
Opportunity		We provide well-planned teaching and learning opportunities through a broad, engaging and inclusive curriculum ; we want our learners to see the world as their classroom and be equipped to learn and reflect in a range of dynamic ways : with guidance from teachers, collaborating with other learners, hands-on experience as well as through virtual and technology-based activities.
Respect		We advocate respect for ALL : oneself, our community, all of humankind and the natural environment; we frame this with balanced British Islamic values. Our learners are encouraged to develop a strong moral compass, an equitable mindset and a strong sense of local and global citizenship .
Excellence		We set and reinforce high expectations and make progress and achievement an essential motivating component for our learners to grow from strength to strength; in both their academic and personal development; we want our learners to be active readers of today and equip them with the 21st century skills to become the leaders of tomorrow .
